

Atrium Health

Interested in Working in Hospital Pharmacy?

Atrium Health Cabarrus is Hiring Pharmacy Technicians!

- **Job Description:** Assist pharmacists in performing duties related to the preparation and distribution of oral and intravenous medications in the hospital
- **Duties include:**
 - Filling and delivering medications throughout the hospital
 - Preparing IV medications using sterile technique
 - Restocking automated medication dispensing machines and emergency medicine kits
 - Managing and processing medication charges and credits
 - Documenting and delivering controlled substances
 - Answering phone calls from other healthcare workers
 - Performing medication history interviews of newly admitted patients
- Do not have to be a certified pharmacy technician!
- Atrium Health will pay for NC Board of Pharmacy technician certification if you pass examination, but this is not required for employment!
- Great opportunity for students wishing to learn more about opportunities in hospital pharmacy!
- **Requirements:**
 - High school diploma or equivalent
 - This job does require standing, walking, pushing carts up to 50 pounds, and lifting up to 25 pounds of materials

Applying is Easy!

1. Go to www.atriumhealth.org
2. Scroll to bottom of the page
3. Click “Join Atrium Health”
4. In the search bar type “pharmacy technician”
5. Complete the application process online!
